

# Growing in Faith

Our parishes • Our priests • Our place in the world

## CHRISTMAS 2016 NEWSLETTER

### Dear Friend in Christ,

In his Christmas message last year, Pope Francis said, "Where God is born, hope is born." How true and eternal this message is! God is with us. That is the foundation of our hope in our final fulfilment with God.

The journey inspired by this hope is practical and demanding. Making signs of hope real requires effort and resources. This motivated the Diocese to undertake to Growing in Faith campaign. From its start in 2012 until 2014 the focus was on explaining what we wanted to do and seeking support in parishes. Since then, we have been in what could be called the 'fulfilment' phase, where pledges are turned into funding, and resources made available in the service of God's people.

Advent is a time to remember the past year and to anticipate good things to come. So we reflect on the successes of 2016 and all that has been achieved over the past four years. We look forward to more next year!

186 parishes participated in Growing in Faith. Between them, they identified more than 260 parish projects. To date, more than 100 of these projects have been started, funded or completed, all made possible by more than £4.45 million from Growing in Faith. I hope that your parish has acted on its Growing in Faith project.

Needs at a diocesan level are important in Growing in Faith too. This year we have secured approval finally to replace the obsolete temporary classrooms at Allen Hall Seminary in Chelsea. We anticipate construction and operation of new portable classroom facilities in 2017, and, with the seminary at full capacity, this couldn't come at a more needed time. The cost of these works will be £350,000, to go with the £900,000 previously made available from Growing in Faith funding to renovate the Chapel, and to repair the ceiling, walls, and roof covering parts of the main building.

Growing in Faith supports priests toward the end of their ministry as well as at the start. The number of priests reaching retirement age will nearly double by 2025, and the Diocese is committed to offering them the care and support they need. Five parishes have been approached to explore the possibility of redeveloping parish houses to provide accommodation for sick and retired priests. One site, in Eastcote, has been agreed and work will commence in 2017. Good progress is being made in planning a second site, and we anticipate that three more sites, providing a total of up to 12 new flats, could be created between now and 2020.

So much is happening. This newsletter goes into more detail. We remain focused on the critical needs of priests, parishes, and our place in the world, which were the basis for the Growing in Faith campaign. I am grateful indeed for the extraordinary generosity shown by the more than 19,500 donors to Growing in Faith, who have made our response to these priorities possible.

I wish you many blessings in this Advent season, and Christmas beyond. And I send my best wishes for a healthy, peaceful and prosperous New Year.

With the assurance of my prayers,

Yours sincerely,

Cardinal Vincent Nichols  
Archbishop of Westminster

# Cumulative List of Parish Projects Sponsored by Growing in Faith

Parish Name/Location	Project to which Growing in Faith Parish Share of Funding was Applied	Amount Disbursed
