## WHAT WE AIM TO DO

To explore the importance and value of the spirit in sport.

We hope our day will gather voices and experiences from the world of sport and provide ideas on how the insights from the day can be taken back and shared in your setting.

Provide a creative space to reflect upon issues of sport, theology and disability.

## WE WILL PROVIDE

A chance to meet and engage with athletes Jason Gardener, Stefanie Reid and Peter Loftus; uniting the World of Sport.

A chance to gain a true perspective from the insights of professional athletes.

The opportunity to engage in new and exciting studies.

## YOU WILL LEAVE WITH

Ideas to inspire your communities and settings.

A melody of experiences from people in the field.

Stories from '100 Metres for Faith'. In October 2013 3,500 people ran in St Peter's Square. The memories of that day will provide encouraging stories for you to reflect upon, take home and re-live in your community.
